of Racket Fury VR on Playstation VR

Welcome!

This is a completely free, no ads, non-profit, community league and player website "club", for owners of the brilliant and realistic table tennis simulation game, **Racket Fury VR** on the **Playstation VR**.

You can find and contact players on your local server to arrange friendly matches and challenge them in leagues which are specially structured into brackets to satisfy all playing standards from top players to absolute beginners. Everyone always has a chance to win in your division as each season renews every 6 weeks.

You can view the players list and arrange friendly matches without registering.

However, by registering, you can add yourself to the player list and request matches with other players directly through this website mediating messaging system (your email address will always remain private) and of course you can take part in leagues.

This website is currently in development but will be active very soon!

Many features are planned including recording friendlies and internal messaging between players without seeing each other's email addresses but will be phased in over the next couple of seasons.

Last Season Winners!

Congratulations to all winners of their divisions! As the winners promote to higher divisions, it's gonna get tougher...well maybe not in Div 1...but can they stay there!?
